USURIOUS CHARGE, SAYS WOMAN; ASKS RETURN OF MONEY

Mrs. Ruth A. Tilling, Suing Against Judgment for Large Sum Against Dover Financial Institution—Liberty Bond Deal.

Mrs. Ruth A. Tilling brought suit in the Mason Circuit Court today against the Dover Financial Institution, a trustee of the Liberty Bonds and asking a judgment for the amount alleged to have been usurious.

The plaintiff states that on July 19, 1920, the defendants took a mortgage as security for a loan on plaintiff's property in Maysville for \$6,000 and that the consideration actually transferred to the plaintiff for the mortgage was four U. S. bonds of the Second Liberty Loan issue and eleven bonds of the fourth issue.

She states that the actual value of the bonds on the day they were delivered to her was \$5,062.02 and further states that on January 3, 1921, she paid the defendants the sum of \$6,165, the same being the face of the mortgage with interest.

The plaintiff alleges in her petition that such payment was usurious to the amount that the same exceeded the sum of \$5,261.87, the value of the bonds with interest at the rate of six per cent. She prays that she recover of the defendants the sum of \$903.13, her costs in this action and all proper relief.

A great deal of interest will be taken in this case as it is the first of the kind ever brought here and much interest will be taken in its final outcome.

AGED CITIZEN DIES.

Mrs. Bettie A. Hicks, aged 81 years, widow of the late William S. Hicks, died at her home in Forest Avenue last night after a protracted illness of a complication of diseases incident to advanced age. She is survived by one daughter, Mrs. J. K. Brubaker, of Forest Avenue, and two sons, Mr. Arthur S. Hicks, of Clairton, Pa., and Dr. W. H. Hicks, of this city. Funeral arrangements are not as yet made.

PRAYER MEETING TONIGHT.

The regular mid-week prayer meeting will be held this evening at 7 o'clock at the First Baptist church. Church members are urged to attend and the public is cordially invited.

FIREMAN AT ELECTRIC PLANT PAINFULLY BURNED

Eugene Tolle Is Burned About Arms and Face When Gas Explodes in Coal Fired Boilers.

Mr. Eugene Tolle, a fireman at the Maysville Electric plant, was painfully although not seriously burned about the hands, arms and face at the plant at an early hour this morning. The young man's burns will cause him much pain and keep him housed for some time but none of the burns are thought by physicians to be deep enough to cause any very serious effect.

Mr. Tolle was standing in front of the boilers preparing to coal the furnace when there was an explosion of gas in the fire box and the blaze burst upon him. He was given immediate medical attention and removed to the home of relatives, his home being in Aberdeen.

Physicians are of the opinion that Mr. Tolle's injuries will not prove so serious as was at first thought.

LAND VALUES SHOW CONSIDERABLE FALL ALL OVER STATE

State Report Shows Mason County's Land Value Decreased But Still Far Above State Average.

The March crop report issued by the U. S. Bureau of Crop Estimates in co-operation with State Commissioner of Agriculture W. C. Hanna shows that Kentucky farmers have on hand an unusually large percentage of last year's crops of corn and oats, and that land values in Kentucky have fallen sharply within the last year. The reduction of livestock feeding, the mild winter and the decline of prices, with slow movement, are the chief causes for this unusually large percentage of grain crops held over by farmers.

Of last year's Kentucky corn crop fifty per cent. (or 50,325,000 bushels) was still held by farmers March 1, 1921, compared to thirty-six per cent. of the 1919 crop (or 29,700,000 bushels) on farms March 1, 1920. About fifteen per cent. of Kentucky's 1920 wheat crop (or 842,000 bushels) was held on farms March 21, 1921, compared to eleven per cent. of the 1919 crop (or 1,138,000 bushels) on farms March 1, 1920. Of the 1920 Kentucky oat crop farmers held thirty-six per cent. (or 2,961,000 bushels) March 1, 1921, compared to twenty-five per cent. of the 1919 crop (2,475,000 bushels) held on farms March 1, 1920. About ten per cent. of Kentucky's barley crop (or 11,000 bushels) was still on farms March 1, 1921, compared to twenty per cent. of the 1919 crop (or 20,000 bushels) still on farms March 1, 1920.

Average land values according to reports from farmers and others throughout Kentucky, have fallen since March 1, 1920, from \$85.00 average for improved farm lands a year ago, to \$65.00 average March 1, 1921, and from \$62.00 average for unimproved farm lands a year ago to \$46 average March 1, 1921. The average value reported this spring for poor plow land is \$33 compared to \$42 a year ago; good plow land \$75 compared to \$95 a year ago; and average of all grades of plow land \$53 compared to \$70 March 1, 1920. As there have been comparatively few sales during the last several months these estimated values are based partly on last fall's sales and prices at which farmers are now holding, as well as on recent sales, these estimates being therefore, largely visionary.

The average cash rent paid for Kentucky farms, where an entire farm was rented in 1920, was reported as \$916, and the average size of such rented farms as 112 acres. Where plow lands alone were rented for cash the average cash rent was \$9.70 an acre.

The amount of corn on farms in the United States March 1, 1921, was 1,527,397,000 bushels compared with 1,070,877,000 bushels on farms March 1, 1920; of wheat 207,591,000 bushels compared with 164,624,000 bushels March 1, 1920; of oats 639,556,000 bushels compared with 418,983,000 bushels March 1, 1920; and of barley 69,836,000 bushels compared with 36,848,000 bushels March 1, 1920.

The investigation shows that the per cent. of the 1920 corn crop left in Mason county is forty-six while the per cent. of the 1920 wheat left is three and the per cent. of oats is forty-three. The average value of improved farm lands in Mason county is \$100, while the average value of unimproved land is \$85.00.

MANAGER OF OHIO STATE FAIR WRITES

Manager of Big Fair Says He Is Looking Forward With Pleasure To Band's Visit.

Manager J. B. Russell, of the Boys' Band, today received this letter from manager E. V. Walborn, of the Ohio State Fair:

"Dear Sir:—We thank you for your kind letter. Mr. Shaw, no doubt, has mailed you contract before this time as he intended to take care of it. "We had notice of your telephone call on Saturday and waited in the office for an hour and a half at noon time but were unable to get through with the call.

"Looking forward with pleasure to meeting you at the fair, we are, Yours very truly, E. V. WALBORN."

COLORED LAD HELD ON ARSON CHARGE TO JURY

Defense Offers No Evidence In Examination of Colored Boy Charged With Setting Fire to Garage.

Louis Jackson Prentiss, colored lad arrested on a charge of arson in connection with the burning of the Citizen's Garage in Bridge street at an early hour Monday morning, was given an examining trial in Police Court this afternoon and held to the grand jury for the March term of the Mason Circuit Court. In default of bail he was taken to jail.

Several witnesses were heard who testified that they had seen the boy in the neighborhood of the garage before and after the fire. He had for some time been employed by the owner of some of the machines in the building and had recently been discharged.

At the conclusion of the prosecution's evidence, the defense moved for a dismissal of the warrant which was overruled and the defense waived further examination without offering evidence.

TAX RETURNS DECLINE \$2,503,000 IN YEAR

Stamp In Initial Payments Is Estimated; Year's Drop May Be \$6,000,000.

Louisville, Ky., March 17.—Weary with counting the golden flow of Kentucky's 1920 income tax payments, clerks in the Federal Building yesterday rallied enough to estimate that the first quarterly payment will be approximately \$2,500,000 less than that last year.

Kentucky paid \$22,101,269.30 last year, but the collections by the end of this year, it is thought, will total only \$16,000,000.

The greatest reduction was that of the agricultural regions of the state. Large corporations also made much less in 1920, according to their returns.

As to whether the number of individual payments will be larger this year than last, clerks would not hazard a guess. The exact figures of the first quarterly payment have been forwarded to Washington, but instruction from the Commissioner of Internal Revenue forbid public announcement.

MRS. MAURICE KIRK IS CLEARED OF ALL BLAME.

In the investigation held yesterday afternoon in Police Court into the automobile accident at West Second and Sutton street, Mrs. Maurice Kirk was cleared of all blame in causing the accident. Considerable interest was taken in the hearing of the case.

The two year old child of Mr. and Mrs. Ben Higfield, of Eastland, died at the home of the parents last night after a long illness of tuberculosis.

PUBLIC LIBRARY TO RECEIVE LARGE SUM FROM ESTATE

Last Heir of James Wornald Estate Died and Fund Will Go To Mason County Historical Society For Library.

Mr. W. H. Cox this morning received a telegram from Mr. Frank J. Wornald, of St. Louis, informing him of the death of Mrs. Mary Bray at her St. Louis home yesterday. The body will be brought to Maysville Friday at noon and will be taken direct to the Maysville cemetery for burial. Services will be held at the grave.

Mrs. Bray is the last sister of Mr. James Wornald, former wealthy business man who willed his estate in trust to his sisters during their lifetime and at their death to the Mason County Historical Society for the Public Library. As Mrs. Bray is the last sister, the local library will now receive the remainder of the estate which is valued at approximately \$20,000.

Mr. James Wornald, was a bachelor and was greatly interested in the local library. His portrait now hangs in the front hall of the library and is that institutions greatest benefactor. His estate will place the local library in splendid financial condition and the improvements which this estate will make possible for the library will always stand as a memorial to this good man.

WILLIAMS WAS NOT SHORT IN HIS ARMY ACCOUNTS

Investigation Made Into Ripley's Ex-Major's Army Record Dispelling Reports of Shortages.

The Columbus (O.) Dispatch says: Following a careful investigation of government records at Washington, officials of the American Guarantee Co., which has an office in the Knickerbocker building, announce that there is no evidence to substantiate a rumor that L. V. Williams, former secretary of the Peoples Building Association of Ripley, now serving a term in the Ohio penitentiary for embezzlement, had a shortage in his accounts during the Spanish-American War.

At the time Mr. Williams was sentenced, February 4, one of the reports given out was that he had pleaded guilty to embezzlement of \$25,000 because his father had taken this amount from the bank to make up a shortage in his son's account in the army. The American Guarantee Co., which went Williams' bond, has made a thorough search, but can find nothing against the man's army record.

IN THE SPRING TAKE GUD'S PEPTO-MANGAN

Restores the Quality of Blood. Drives Out Impurities. Builds Up the Red Corpuscles

IMPROVES THE COMPLEXION

A Standby Among Physicians for 30 Years. In Tablet as Well as Liquid Form.

You notice complexions in the Spring. People who have plenty of rich red blood have lips a deep, rosy red, eyes bright and clear. Good complexions are based on the solid foundation of good blood, with plenty of red corpuscles. When blood becomes clogged with impurities, when the red corpuscles are not absorbing enough oxygen from the lungs and distributing it to the cells throughout the body, good complexions fade. Not only that, but you feel tired and exhausted all the time. Your shoulders droop and you lounge around and lean against anything handy. You lack energy because your blood is weak and thin — not enough red corpuscles.

People call it "Spring Fever." Call it what you will, it is bad blood. It weakens powers of resistance.

If you feel that way you should take that exceptionally good blood tonic, Gud's Pepto-Mangan, for a while. It will make rich red blood. For thirty years it has been a standby among physicians. It will help you to build up this spring. All that comes from having good blood with plenty of red corpuscles will come to you.

When you go to your druggist's be sure to get the genuine Gud's Pepto-Mangan with the name "Gud's Pepto-Mangan" on the package. It is sold in both liquid and tablet form. Both have the same medicinal value. —Advertisement.

BIG FRED TONEY TELLS OF

OFFER TO THROW GAME

Giants' Pitcher Retell Story of Alleged Bribe Made to Him By Heinie Zimmerman in 1919.

San Antonio, Tex., March 14. — Big Fred Toney of the Giants' pitching staff says he is ready for his greatest year, and he looks the part. The first thing the big flogger did after arriving was to repeat the story he told to Manager McGraw and to the Chicago grand jury concerning the Zimmerman affair.

Toney made the following statement in the presence of Manager McGraw and other witnesses here tonight:

"I started a game in the last series we played in Chicago in 1919. In the first inning we got three runs. The Cubs then scored a run with one out in their half of the first inning, the run being driven in by a short single to left field. After this run had been scored Zimmerman walked over to the box and said to me:

"I'll give you \$200 if you lose this game."

"I didn't say anything to him; just gave him a hard look. When I had retired two more batters I went to the bench and said to Matty, who was in charge of the team that day:

"You'll have to put some one else in there, Matty. I'm through."

"What's the matter with you?" asked Matty. "Have you got a sore arm?"

"No," I told him, "there's nothing there after with me." I went to the clubhouse, where I found Ed Mackali, the trainer. I asked him where McGraw was, and he told me he was at the hotel. I told him to tell McGraw I wanted to see him that night. When I did see McGraw I told him that he had a crooked ball club; that if he was going to keep a man like Zimmerman I wanted my release."

New York Letter

New York. — New York City has just discovered one more way in which she has been unappreciated by the country at large—and by herself. This time it's sunshine. Think of Manhattan posing as a rival of Los Angeles! But such she is. Weather bureau figures just published show that, next to the famed California city, New York has more hours of sunshine in a year than any other city in America. And of all the things one hears New Yorkers brag about, I never yet have heard them mention the weather. It's time they began.

A battered golf ball has a place of honor in Spaulding's downtown store. It is marked with the initials W. G. H. and it was sent by President Harding to a representative of the store who had presented him with a dozen new balls. Across the face of the veteran is a woeful scar, inflicted no doubt by the official bresle. "Gee!" exclaimed one golfer who was gazing at it through the window. "If he can top 'em like that and yet be President, I guess there's still hope for me."

A New York insurance office has just issued a cheery little book of suicide statistics. The high lights in it are the figures showing that more of us killed ourselves this past January than did in any month last year, and that as a general thing January has the lowest suicide rate of the whole year, while May—so shortly ahead of us—gives the final bit of life-weariness that leads to the largest number of us to get our statistics in this little book. That certainly isn't living up to what the poets have always said about it and its flower.

Laurette Taylor is going to break a rule of her married life. She has promised to appear in a play other than her husband's. J. Hartley Manners, author of "Peg O' My Heart," as well as husband-manager of Miss Taylor, has been her only playwright since her marriage to him. But now he and she have taken Fannie Hurst's "Humoresque," which made a success as a picture, for her next season's vehicle. It will be a new thing in another way, too, for young and pretty Laurette Taylor. She will play the part of the mother, the big woman's part, in it.

It's the men who need protection from night hours in industry, instead of the girls, according to one group of New York's working girls. They consider themselves very well fit to look after themselves thank you! This was brought out when the spokeswomen for the Equal Opportunity League got the floor at a recent legislative hearing on the welfare bills. "Mind your own business" was pretty nearly the message sent to those who were working at Albany for the measure, prohibiting women from working at night. "Let the uplifters look after the men," said Miss Amy Wren, Brooklyn lawyer, on behalf of the E. O. L. "Protect them from the golden haired sirens. We can get along all right. I'm strong for a bill which would prevent uplifters from going out after 10 o'clock at night."

DAYS OF DIZZINESS.

Come to Hundreds of Maysville People.

There are days of dizziness; Spells of headache, languor, back-ache; Sometimes rheumatic pains; Often urinary disorders. Doan's Kidney Pills are especially for kidney ills. Endorsed in Maysville by grateful friends and neighbors. Ask your neighbor. Mr. J. W. Johnson, 225 East Fifth street, Maysville, says: "I had been a sufferer from kidney trouble for many years. I think I inherited it as my mother died of dropsy. My kidneys were in a weak condition and at times they acted too often. My back ached terribly and it broke my rest at night as the misery was still there. I had dizzy spells and could see flashes before my eyes and everything turned black before me. A friend told me about using Doan's Kidney Pills with benefit so I sent to Swift's Drug Store and got two boxes. After using them I got better and have felt like a different woman ever since. I can't recommend Doan's too highly." Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ismael had. Followed a Neighbor's Advice and Took Lydia E. Pinkham's Vegetable Compound

Vernon, Tex.—"For three years I suffered untold agony each month with pains in my sides. I found only temporary relief in doctor's medicine or anything else I took until my husband saw an advertisement of Lydia E. Pinkham's Vegetable Compound. I mentioned it to a neighbor and she told me she had taken it with good results and advised me to try it. I was then in bed part of the time and my doctor said I would have to be operated on, but we decided to try the Vegetable Compound and I also used Lydia E. Pinkham's Sanative Wash. I am a dressmaker and am now able to go about my work and do my housework besides. You are welcome to use this letter as a testimonial as I am always glad to speak a word for your medicine."—Mrs. W. M. STEPHENS, 1103 N. Commerce St., Vernon, Texas.

Dressmakers when overworked are prone to such ailments and should profit by Mrs. Stephens' experience. Write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., about your health. Your letter will be opened, read and answered by a woman and held in strict confidence.

Here's a new Sir Walter Raleigh of a very appealing kind. In the midst of a street full of autos, one horse-drawn wagon was making its way on an icy pavement. The horse was not a truck type; a few years ago, it would have been harnessed to a smart carriage. It slipped on the ice and fell; and partly from fright and nervousness, was unable to regain its footing. The youthful driver stood at its head with encouragement and efforts to help. But every effort meant slipping again. Suddenly he pulled off his coat and spread it under the horse's feet. He pulled gently at the bridle again; the horse stepped on the soft woolen coat and up it came, right as ever.

More than 2,000 specimens of rare birds, 1,600 animals, and a large and lurid collection of tales of head-hunting devil-worshippers were brought back from Southern Ecuador by Harold E. Anthony and George K. Cherrie, naturalists, just home from a long expedition.

GOOD WORD FOR

CARL WEILMAN.

The sporting editor of the Louisville Courier-Journal says:

Among the well-known faces which will be missing when the big league teams fire their opening volleys in April will be the smiling one of Carl Weilman, elongated pitcher of the St. Louis Browns for many seasons.

Weilman has written the Brown officials that in view of his poor health he believed it would be unwise to go through another summer campaign on the mound.

When Weilman was right he deserved the title of one of the best southpaws in the big show. He broke into the game with the Richmond, Ky., club in the old Blue Grass League back in 1909. The next season found him with the Charleston club and in 1911 he played with the Elm in South Michigan League. He broke away from the league game the following season, playing with an independent outfit. It was while he was hurling for Maysville, Ky., in 1912, that Scout Charley Barrett looked him over and decided he had big league stuff. The Brown owners acted on Barrett's opinion and Weilman became a member of the St. Louis club.

Despite the fact that he served his entire career with a second-rate club which was constantly flitting with the cellar Weilman became a real star. In 1914, for instance, he bung up eighteen victories and fourteen defeats and allowed a little bit better than two earned runs per contest—which is stepping right along for a southpaw.

In the last campaign he started with a victory over the White Sox, but was unable to hurl many contests. Weilman is now in business in his home town of Hamilton, Ohio, and intends to remain there if his health permits.

Pennsylvania leads all other states with 2339 building and loan associations, the total membership being 835,748.

FARM BUREAU TAKES
HAND IN WEED PROBLEM

Meeting of Various Tobacco Organizations Is Called To Be Held In Louisville on March 29.

Leaders of the tobacco and farming industry of Kentucky will meet in Louisville March 29 in an effort to reach a solution for the state's tobacco market problems, according to present plans of the executive committee of the Kentucky Farm Bureau Federation, which is working in conjunction with other farm organizations of the state.

At the meeting it is planned to work out a definite plan for the growers and others in the marketing and handling of tobacco crops for the formation of an organization to receive handle and sell tobacco. It is also planned to adopt a system of bonded government warehouses and to get the United States Department of Agriculture to establish grades for the commodity.

In addition to representatives of various farming organizations, among them John W. Newmann, Versailles, president of the Burley Growers' Association; Felix G. Ewing, Clarksville, Tenn., president of the Planters and Tobacco Growers' Protective Association and Louis Hancock, Dixon, Ky., many agricultural and tobacco men of the state are expected to attend the meeting. W. C. Hanna, Commissioner of Agriculture; W. T. Fowler, assistant Attorney-General of Kentucky; representatives of State College of Agriculture at Lexington and of the United States Department of Agriculture, Bureau of Markets, will take part.
